Fast Line Technical Services SPC

About

Fastline Technical Services

Established on September 2011, Fast Line Technical Services S.P.C is a 100% Omani company, representing International companies covering Oil & Gas, EPC, Power & Water Industries focused on helping meet the increasing energy requirements of growing Oman economy.

Work To Inspire , Deliver To Aspire

Our activities are concentrated on provision of support & services to the all the major companies dealing in oil and gas, EPC & Power sector on and around the Oman

With the support and experience of our MD for 25 years in PDO, in different disciplined departments, we are obliged to commence own business, mostly with oil & gas companies, Power Generation, Electrical and government.

We link the business of the agents, immediately to the customers. We supply Mechanical, Instruments and Electrical products and also provide services for the same. Our goal is to deliver to our customers the best quality of the products in a short time and with a safer time.

We are also constantly evaluating other projects and new technologies to help our client to solve their needs and conclude with positive results.

Mission

To deliver the best Products & services in terms of cost, schedule delivery and quality to our clients.

Vision

To improve their asset and efficiency and business profitability.

“ Work to inspire
Deliver to aspire ”

Chairman & CEO Message

Greetings!

It is a great pleasure, taking this opportunity, to thank our valued customers, whose continued patronage and confidence in our products inspires us to extend the best of services and enables us to provide value for their money.

We are focused at addressing the needs of our customers, in line with the world's best products manufactured and delivered by our manufacturer, while maintaining continuous interaction with them to assess their emerging requirement, so as to be ready when the needs arise, translating them into Quality products and providing dependable after-sales-services.

I therefore, seek continued patronage and plan to achieve goal through our strength and seek continuous involvement in achieving the Company's objectives and cooperation of our employees and our principals and thank our well-wishers who have contributed to the growth of the organization.

Mr. Abdulaziz Al- Dhihli
